Suzy,

Thanks for asking. Sorry for any confusion, the hard copies should contain a CD copy for each. The live files should be provided on a separate CD.

I would like to make this the standard delivery format for all future deliveries unless directed otherwise. Please let me know if you have any concerns regarding this request.

Thanks,

Tanya

Hi Tanya,

I will make sure you receive two hard copies as well. Would you also like live files? I meant to ask you earlier.

Thanks,

Suzy

Suzy,

Thank you for your call regarding the delivery of the results from the Data Gap sampling event.

You mention that you would forward an electronic copy later this afternoon. In addition, please forward two hard copies of the report overnight to my attention.

If you have any questions or concerns regarding this email, please give me a call.

Thanks,

Tanya
